## PROJECT RED

On May 12<sup>th</sup>, Ellens Equipment took part in Project RED (Rural Education Development) at Cary's Pioneer Farm in Alma.

There were over four hundred 4th graders attending the event. Ellens Equipment was in charge of doing the combine walk around to show the kids the workings of a combine. The kids seemed to have a great time and asked some really good questions about the costs of operating and buying the combine.

Ellens Equipment would like to thank The Cary family for hosting such a great event on their family farm. We are honored to have been invited and look forward to participating again next year. It was great to spend the day with great people and our future farmers!

## June Parts Special:

Purchase 5 bales of twine and get a free Ellens Equipment hat!
